I am a secondary school athletic trainer in Vail, AZ. I obtained my Bachelors Degree in Athletic Training in 2014. I later obtained by Masters of Health Science from St. Augustine University in 2020. As a student I was very involved at the district level with RMATA. Recently I have been serving as a committee member for Honors and Awards Committee for RMATA.

Please let us know why you are interested in this position.

The profession of Athletic training has always been a passion of mine, I feel like I am far enough in my career that I can have a positive impact in this position. I would love to be a part of a team that strives to make athletic training better for the state as a whole. I am confident that I can bring new insight to the board and be a hard working member to provide the members of the association with the highest quality of content. I promise to advocate for the needs and wants of the members of the association to the best of my ability and bring awareness to your comments and/or concerns to the other members of the board and find a solution that betters the profession in this state.
