

March 2021

Update  
Contact Info

Please help the Secondary Schools Committee by making sure your contact information in the AIA Website is up to date.

The SSC is also in the process of developing a list of secondary school ATs. **Please fill out this [form](#) to be included on our list.**

## Upcoming Events

3/25/21 – AIA SMAC Meeting

4/1/21 - Arizona Board of Athletic Training Meeting

4/23-24/21 – RMATA 2020 Annual Clinical Symposium (Virtual)

## AzATA Secondary Schools Committee

### Update for High School ATs

## SPRING SPORTS

### AIA Spring Sport Specific Modifications

Modifications for AIA Spring Sports can be found on the AIA website or by clicking [here](#).

### 2021-2022 Annual PPE Forms

The AIA recently released the 2021-2022 Annual Preparticipation Physical Examination Forms. A section regarding COVID-19 has been added to the Annual PPE Forms. Access the Medical History Forms [here](#). Access the Physical Evaluation Form [here](#).

### COVID-19 Reporting Form

All AIA schools should continue to use the AIA COVID-19 Reporting Form for each student-athlete who tests positive. The form should be completed at the time the athlete is returned to participation. Access the form [here](#).

## About the SSC

---

The Secondary Schools Committee (SSC) is comprised of secondary school setting members from around the state.

Our goal is to identify the unique issues and duties associated with the secondary school athletic training practice setting, and to develop and/or provide access to resources and information that can improve the effectiveness of secondary school athletic trainers.

## Contact the SSC

## SECONDARY SCHOOL VALUE MODEL

### Updated Secondary School Value Model Now Available

The recently revised Secondary School Value Model is now available to help ATs in secondary schools better understand value and worth concepts, demonstrate worth and value to stakeholders and use data to advocate for improved resources, support or compensation. You can find the SSVM [here](#).

### AIA COVID-19 Return to Play Form

Athletes who have tested positive for COVID-19 require clearance by a qualified medical professional using the [AIA COVID-19 Return to Play Form](#) or district equivalent.

### AzATA Winter Symposium SMAC Update

Help the NATA and Korey Stringer Institute quantify the impact that COVID-19 has had in high schools and middle schools across the country by participating in the 2021 Athletic Training Location and Services (ATLAS) Project. There are new questions specific to COVID-19 and they want to ensure you, your school and your patients are counted. Click [here](#) to update/take the ATLAS Survey.
